

Dyslexia at work

Dyslexia at school and at work: special needs and special qualities

28-29 NOVEMBER 2014

ITIS "E. Fermi" – Via Luosi, 23, 41100 **Modena, Italy**

Theme

The central theme is dyslexia after school. Dyslexia is genetic, so it remains during life at home and at work. We focus on problems as well as on the special qualities of employees with dyslexia.

Pre-Program

Friday, November 28, 2014: for experts

14:00	Expertmeeting – introduction of Hans van de Velde <i>Coach from The Netherlands</i> Title: "Let's discuss the Italian situation of employers and their specially gifted employees and compare this with other EU-countries" Subtitle: "About the Italian state of the art on dyslexia, autism and ADHD in the world of employers and employees. We are going to define a next step."
-------	--
